

MSD-Instant Cold Pack

The MSD Instant Cold Pack supplies instant cold to reduce heat and relieve pain and swelling. The MSD Instant Cold Pack can be used in any first aid occasion, health care, daily use, travel and so on. Its immediate use during traumas avoids the forming of swelling and haematomas. It stops little haemorrhages and considerably reduces the pain.

MSD-Instant Hot Pack

The MSD Instant Hot Pack is a disposable hot pack, one-time use only. This hot pack is used for immediate heat therapy. The insulation on the body side of the pack prevents dissipation of heat. The therapeutic pack maintains its temperature for about 30 minutes and the approximate peak temperature is 43°C.

Reference	Description	Packaging
MSD-160	MSD-Instant Cold Pack	10-Pack
MSD-250	MSD-Instant Hot Pack	10-Pack

MSD-Hot/Cold Packs

The MSD Hot/Cold Pack is usable both when treating with heat and/or coldness, therefore it is a strong alternative to the other ordinary heating pillows and ice packs. The versatile, re-usable gel pack delivers hot and cold therapy effectively and economically. The use of the MSD Hot/Cold Pack is unlimited and non-toxic. Even after being frozen under the 20°C it remains soft. The MSD Pack can be bent for any angle for the joint and muscle. It can be used in the microwave, the freezer and a water bath.

Reference	Description	Packaging
MSD-200	Small (15 x 25 cm)	10-Pack
MSD-400	Medium (35 x 25 cm)	10-Pack
MSD-600	Tri-Sectional (40 x 20 cm)	10-Pack
MSD-900	Large (50 x 20 cm)	10-Pack

Evaluation Line Kits

3-Piece Hand Evaluation Kit

Portable carrying case contains all instruments necessary to evaluate the strength and range-of-motion of the hand and fingers. Set includes hydraulic hand dynamometer, hydraulic pinch gauge and stainless steel finger goniometer 15 cm - 180° per 5°.

6-Piece Goniometer Kit

This carrying case contains the most frequently requested stainless steel and X-ray Goniometers. Set includes:
Robinson Pocket Goniometer 15cm-180°, Stainless steel Goniometer 35cm-180°, Stainless steel Goniometer 35cm-360°, Stainless steel finger Goniometer 12cm, X-ray Goniometer 20cm-180°, Stainless steel Goniometer 20cm-180°.

Digi Hand Evaluation Kit

This set includes: Digital Hand Dynamometer, Digital Pinch Gauge, Finger Goniometer 15 cm - 180° per 5°.

Dynamometers

Hydraulic Hand Dynamometer

The Hydraulic Hand Dynamometer gives accurate grip strength readings without the subject being able to "feel" the handle move. The adjustable handle has 5 positions to be able to accommodate to any hand size. The indicator remains at the subject's maximum reading until it is reset. Has a scale in kilograms.

Digital Hand Dynamometer

Designed for reliable grip-force evaluations from 0 to 136kg. It has an easy-to-read LCD display. This hand dynamometer features an electronic zero calibration system and results can be stored in memory up to 20 test datas. The hand dynamometer displays year, month, date and time of the testing.
